Budget Message

Overview

April 23, 2026

Sheridan Budget Committee members:

It is my pleasure to present you with the Proposed Budget for the City of Sheridan for the fiscal year beginning July 1, 2026 and ending on June 30, 2027 (FY2027). It is my sincere recommendation that this financial plan meets critical needs in the community while taking many initiatives.

Our Beginning Fund Balances are not based on audited numbers, as the City is behind one year on our audit. The FY2025 Audit begins next week, and the City is expected to receive that report in July/August. The Proposed Budget for FY2027 represents a good faith effort to lay out and recommend this financial plan.

The Revenues for the total budget of \$24.9 million is balanced with expenditures for all projects and services funded by City resources. It includes a 3-year Capital Improvement Program (CIP) of \$6,841,714 comprising 18 distinct projects that make significant investments in our Water, Sewer, Streets, Storm, and Parks Systems. This multi-year strategic plan for infrastructure addresses current needs and master planning updates, as well as preparing projects that will be sufficiently ready if funding opportunities arise. During each budget cycle when considering the CIP, a particular project scope could be modified, or additions/deletions on this list can be approved due to emerging priorities.

With this recommendation for next fiscal year, I have fulfilled the most important duty as your Budget Officer. It is now the task of the Budget Committee to conduct hearings, deliberate this financial plan, and Approve the City of Sheridan FY2027 Budget. My staff and I will be prepared to answer any questions that arise during your meeting on April 30, 2026 at 6:00 pm.

Respectfully submitted,

Preston Polasek

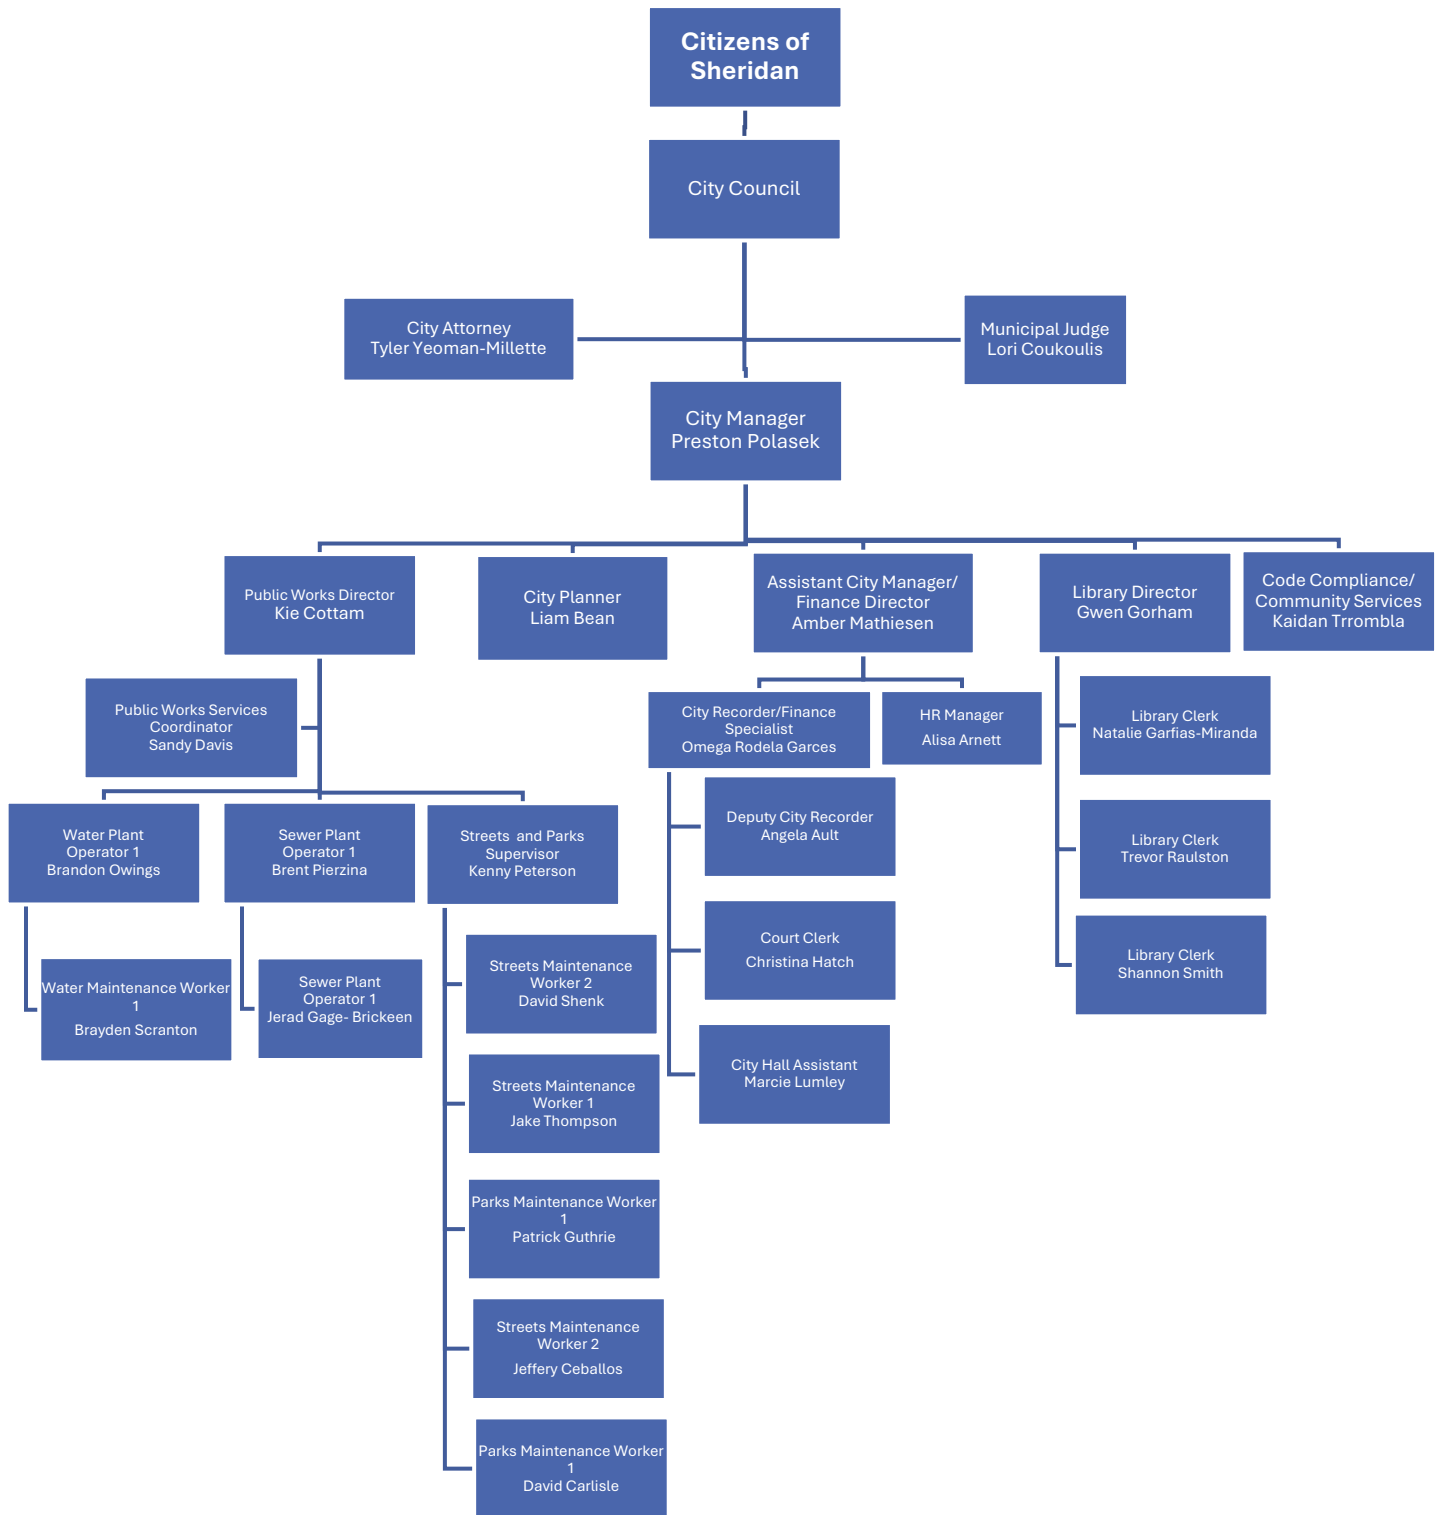

Preston Polasek
City Manager and Budget Officer

About Sheridan

Government

Sheridan City Council is comprised of six councilors and a Mayor, elected to four-year terms. The Council exercises policy-making and legislative authority and is responsible for legislation, adopting the budget, appointing committees, and hiring the City Manager.

The City Manager and staff are responsible for carrying out the day-to-day operations of the City.

City police protection is provided by the Yamhill County Sheriff's Office, which maintains a substation at City Hall. Sheridan Fire District provides fire protection to the city and more than 100 square miles of the surrounding area.

Sheridan operates its own water and wastewater treatment systems. Drinking water comes from the South Yamhill River and springs on Stony Mountain to the north.

The City's fiscal year begins July 1 and ends June 30. Current information about services and projects can be found on the website www.cityofsheridanor.com.

City of Sheridan History

Founded in the 1860s and officially incorporated in 1880, the town was laid out by Absolom "Ab" Faulconer. Ab originally settled on the north side of the South Yamhill River in 1847, with family settling on the south side, marking the beginning of the town's history. By 1852, Ab's brother Thomas was running a general store, livery stable, and Ab's farmhouse served as a hotel of sorts. From 1856 to 1861, Lt. Philip Henry Sheridan, stationed at Fort Yamhill, was a frequent visitor.

In 1865, a bridge was constructed connecting the north to the south side, and the next year, the simple can nailed to a post on the Faulconer land (to receive infrequent mail) was replaced with a newly established post office. Ab officially platted and recorded the townsite on portions of the family's original Donation

Land Claim and named it after General Philip Sheridan. The town was a hub for business activity in Yamhill County, with early establishments including stores and blacksmith shops.

Sheridan has survived four major fires in its business district, the worst in 1913 when an entire section on the south side of town was destroyed, and a major flood in 1964. In each instance, rebuilding began immediately, making the structures stronger and safer.

With the fertile soil and mild climate of the south Yamhill River Valley, Sheridan has been a rich agricultural area since Faulconer first set plow to earth. Farming, dairies, and the timber industry kept the community economically sound for decades. When the timber industry faltered in the late 1980s, the community diversified, welcoming an artist community and becoming the first location in Oregon to have a federal prison. The Federal Correctional Institution, Sheridan, built at the edge of town, houses approximately 1,600 medium-security inmates.

Life in Sheridan

In the western part of the Mid-Willamette Valley, at the base of the Northern Oregon Coast Range and along the South Yamhill River, Sheridan is located in one of America's premier wine regions with world-class vineyards and tasting rooms. Surrounded by old-growth timber and fertile farmland, the town's rural regions are host to many locations for bird watching and observing local wildlife. You would have to look for a long time before you found a region with more to offer recreationally, including great fishing, swimming, bicycling, hiking, wineries, and picnicking.

Photo Credit: Karen

Our region also boasts fine dining, balloon rides, paddling trips, waterfalls, and trails. Local food is a theme to be savored from hazelnuts to cheese, craft beer, cider, artisan bread, brick oven pizza, the Bridgettine Monastery chocolates and fudge, and more.

A 45-minute drive west is the Oregon Coast, with its green headlands, crashing surf and miles of beautiful sandy beach.

The Budget Process

A budget, as defined by Oregon State Law (Oregon Revised Statutes (ORS), Chapter 294), is a financial plan containing estimates of revenues and expenditures for a given period or purpose, such as the fiscal year. Sheridan is required to budget all funds and for each fund to have a balanced budget. The state of Oregon defines balanced budgets as one in which total resources, including beginning resources, current resources, and debt proceeds, equal total requirements, including current year expenditures, capital outlay, transfers, debt service, and any other requirements such as debt service reserves.

As a rule, local governments in Oregon operate on a fiscal year that begins on July 1 and ends the following June 30. Sheridan's budget operates on this schedule. Budgeting is critical to the City because it requires the organization to evaluate plans and establish priorities in relation to available financial resources.

The Sheridan's budget will accomplish each of the four major purposes of Oregon Local Budget Law (ORS 294.305 – 294.555 and 294.565), including:

- Establish standard financial procedures
- Outline programs and services in conjunction with the fiscal policy and implement those policies
- Provide methods of estimating revenue, expenditures, and proposed tax levies
- Encourage public involvement in the budgeting process before budget adoption

The city of Sheridan prepares and adopts its annual budget in accordance with its organizational Charter, Oregon Law, and the Government Finance Officers Association budget guidelines.

Before the budget can accomplish these goals, a schedule for preparation is developed. This schedule is called the budget calendar.

2025-26 Budget Calendar

Action	Proposed Date
Staff prepares DRAFT budget	December through April
Publish legal notices in newspapers, in newsletters, on website and social media with key dates and opportunities for public input as part of budget process. (Publish twice, 10 days before meeting, 1 newspaper, 1 web)	Per state budget law requirements
Proposed budget document available and posted online	April 24, 2026
Budget Committee meeting – orientation, budget message and public hearings, additional meetings <u>as needed and announced</u> to review funds, discuss amendments, and make a recommendation on the budget	April 30, 2026
Publishing online and to paper by (publish once, not later than 5 days before meeting)	No later than June 5, 2026
Council adopts budget, makes appropriations NOTE: Must be completed by June 30, 2026	June 15, 2026

In May-June, a preliminary budget is prepared and presented to the Budget Committee, which, by law, comprises all 6 City Council members and includes the Mayor, plus 7 citizen members. A hearing notice is published in the local newspaper. The City Council holds a public hearing prior to July 1, which may result in further changes. If a change increases revenues or increases expenditures within a fund by more than ten percent or \$5,000, whichever is greater, the budget must be referred to by the Budget Committee. The City Council adopts the budget prior to June 30 each year. The adopted budget is filed with the county clerk and the State of Oregon each year.

The Budget Amendment Process

Oregon Budget Law allows for amendments to the City budget for reasons unforeseen at the time of adoption. The City Council may adopt resolution changes that decrease one existing appropriation and increase another. Certain changes of ten percent or more to any fund require a supplemental budget. All changes over ten percent to any fund require a supplemental budget process, like the annual budget, requiring a public hearing. Further details may be found in ORS Chapter 294.

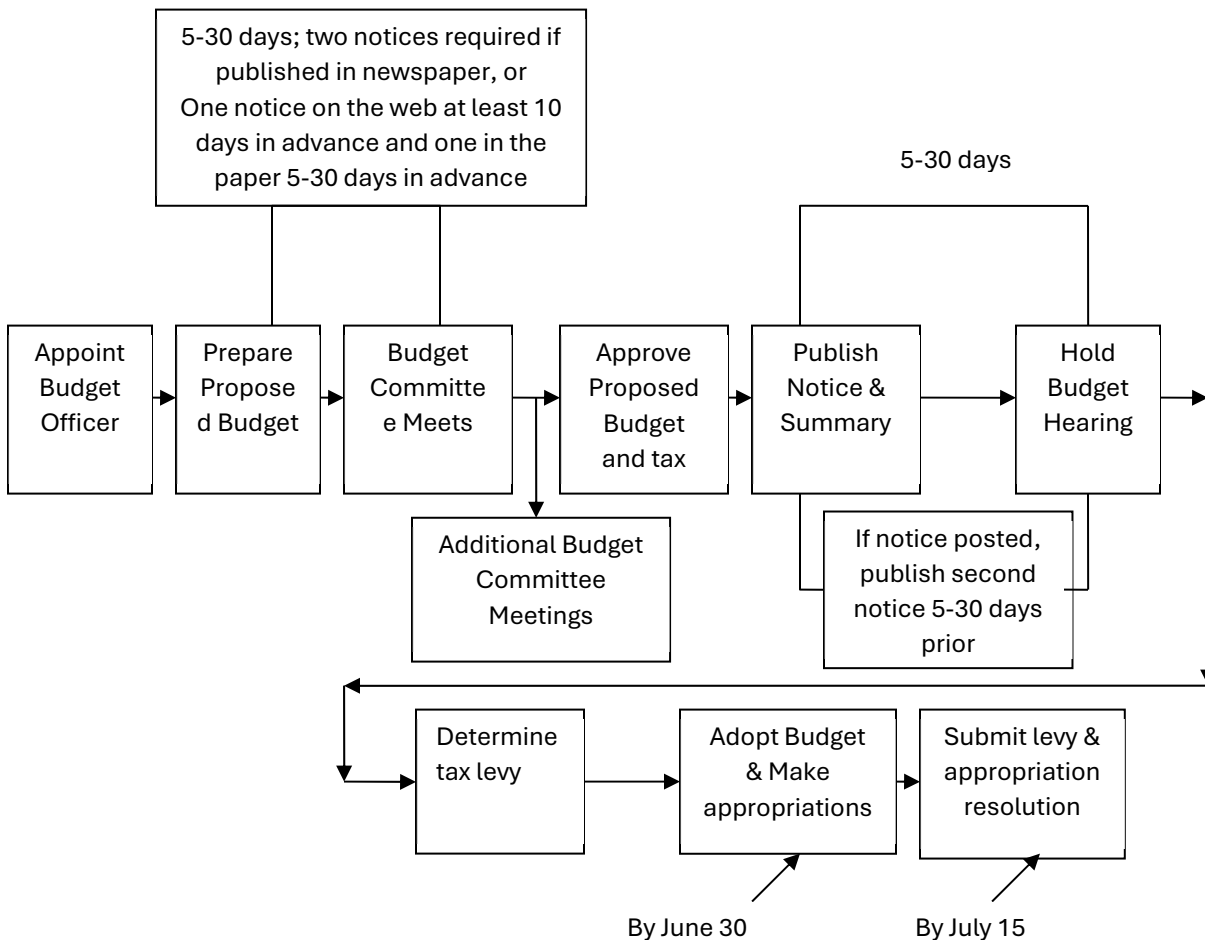

The Budget Committee

The Budget Committee is composed of the City Council, including the Mayor and an equal number(seven) of citizen members appointed by the governing board, for a total of fourteen members.

The appointed members:

- Must live in the City of Sheridan boundaries,
- Cannot be officers, agents, or employees of the local government, and
- Can be spouses of officers, agents, or employees of the City of Sheridan.

The Budget Process Schematic

Oregon’s Local Budget Law is governed by Chapter 294 of the Oregon Revised Statutes (ORS 294). This law does two important things: (1) establishes the standard procedures for preparing, presenting, and administering the budget, and (2) requires citizen involvement in the same. The above flowchart depicts this process.

The Budget Basis

The budget is prepared using the modified cash-basis method of accounting. This means that obligations of the City of Sheridan are budgeted as expenses when the expense is paid, and income is recorded when received. The City of Sheridan manages its finances in compliance with the modified cash basis and budget laws of the State of Oregon. During the year, expenditures and revenues are closely monitored to ensure compliance with the adopted budget and state law. Monthly budget comparisons are distributed to management. Financial reports, prepared on the budgetary basis of accounting, are distributed to the City Council, and the public.

Annually, an audit is performed and filed with the State of Oregon by an independent certified public accountant. The City of Sheridan publishes an annual financial report that documents the City's budgetary performance and the financial health of the City. This report compares budgeted to actual revenues and expenditures, thus documenting the City's budgetary compliance.

The government-wide financial statements and the proprietary funds financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting as is the fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when incurred. Grants and similar items are recognized as revenue as soon as received.

Requirements are generally recorded when incurred under accrual accounting. Long-term compensated absences are recorded only when payment is due. Principal and interest on long-term debt are recorded as fund liabilities only when due, or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Budget Document

A budget as defined by Oregon State law is a "financial plan containing estimates of revenues and requirements for a single fiscal year." Local governments have the option of budgeting on a 24-month biennial budget period, or by fiscal year.

The City of Sheridan operates on a fiscal year beginning on July 1 and ending the following June 30.

Budgeting requires local governments to evaluate plans and priorities considering the fiscal resources available to meet those needs.

The budget document describes how the City of Sheridan government plans to meet the needs of the members and is a resource for citizens interested in learning more about the operations of their local government.

Budget Resolution

Placeholder for the Resolution once the budget has been adopted.

Staff Summary By Position

Position Title	Annual Salaries at 6/30/2026	
City Manager	\$	108,010
Assistant City Manager	\$	123,406

**SDC projects will expend monies from dedicated SDC Funds established in FY2027.

CITY OF SHERIDAN

CIP FY 2027-2029 Funding Summary by Source

April 30, 2026

Yamhill County ARPA	\$	565,000
CDBG	\$	708,000
Fed/State	\$	2,250,000
General	\$	622,314
SDC Funds	\$	490,000
Water	\$	987,700
Sewer	\$	592,700
Streets	\$	626,000
TOTAL	\$	6,841,714

THE CIP IS COMPRISED OF 18 DISTINCT PROJECTS:

1. **Ballston Pump Station SCADA** - After determining an Integrator of Record, digital controls and monitoring will be installed at the Ballston Pump Station. The CIP lists the project at \$400,000, funded through a Yamhill County ARPA grant. Improving SCADA will help staff monitor and respond faster to issues while maintaining operations. SCADA is an important investment in a reliable and critical water system asset.
2. **Hebert Memorial Plaza, Phase I, Riverside and Parks** -This phase is likely to be completed in FY2026, but a portion of this project (\$100k) may get pushed beyond June 30, such as security improvements associated with riprap and fencing.
3. **Hebert Memorial Plaza, Phase II, Plaza Decking** - This project will complete decking improvements, including riprap and handrails. The work will improve the plaza's appearance, usability, and safety for the public. It is part of making the space a more complete and functional community asset and complements the park amenities along the Yamhill River.
4. **Skatepark Rehabilitation and Expansion** - This project will improve and expand the City Park Skatepark for community recreation. Signage can promote skateboarding as an Olympic sport, while also recognizing our Olympic Medalist, Jody Huntley, who grew up in Sheridan
5. **Sheridan Road Maintenance east of Schley St** - The driving lanes on a significant of Sheridan Road will be improved. Where appropriate, some road sections that have failed will be dug out and base rock replaced.

6. **Hebert Memorial Plaza, Phase III, Morgan Street Parking Lot** - This project is currently slated for the summer of 2028. It will add parking and restrooms for visitors to patronize downtown businesses, participate in community events, or enjoy the Yamhill River, park amenities, and the Hebert Memorial Plaza.
7. **Update Study for SDCs** - Working with existing master plans, this project seeks to update the methodology used for calculating each of the 5 SDC funds. This work may help identify where our master plans may be deficient in terms of engineering or legislation.
8. **Remaining Work for South Side Park** - This item completes the remaining improvements required under the South Side Park grant and includes two shelters, disc golf, a dog park, and installation of a pedestrian bridge. If the City and Oregon Parks agree, it may be possible to shift grant monies allocated for the fabrication and installation of the bridge (\$250k) to CIP no., 4, which comprises the Morgan Street parking lot and restrooms.
9. **Wastewater Facility Study + GIS Mapping** - This project will update the Sewer Master Plan, including the eventual build-out of the 5th lagoon. Improved GIS data will support maintenance and planning for future infrastructure investments. GIS data can also provide future layers of data useable by the public and developers.
10. **Water Treatment Plant Disaster Repairs** - This project makes repairs damage at the water treatment plant following the December 2025 disaster event. Funding comprises grants and the Water Fund. The White House on April 7, 2026 acknowledged the State of Oregon's Disaster Declaration freeing up potential federal disaster recovery funds. These repairs are essential to support our citywide drinking water system.
11. **Yamhill Street Sewer Main Lining** - This project will rehabilitate the existing sewer main on Yamhill Street. A sliplining construction will extend functional life of the main, and reduce the risk of future system failures. This project also addresses DEQ compliance issues by reducing storm and groundwater intrusion into the sewer system.
12. **Sidewalk Program: Repairs and Extensions** - This program will add to existing private contracts and extend repairs where practicable. This project enhances private investments and improves pedestrian safety. Sidewalk improvements are accessible and make our community more walkable. Public Works will also be looking at opportunities to build trade skills among youth by involving high school students in the construction of sidewalks.
13. **Stony Mountain Reservoir Development Plan** - This engineering task will provide the City a pathway for developing Stone Mountain as a year-round resource. With the Water Master Plan as the baseline, this project will identify the necessary steps, including design, costs, and tasks, to

bring this resource on-line within the next 10 years. This necessary plan has been identified as a high funding priority by the City Council and supports responsible growth management.

14. **Various Catch Basin and Storm Inlet Improvements** - This project will repair and improve stormwater catch basins and inlets throughout the City to reduce flooding, safety concerns, and drainage problems. It is important preventive maintenance for the storm system.
15. **Wastewater Irrigation Equipment** - This project will replace or upgrade equipment used for wastewater irrigation. Our water reuse program is essential to maintain depth levels in our lagoons, and DEQ requires us to have newer equipment that functions properly.
16. **Bridge Replacement for Water Main over East Creek** -The current bridge, which holds our water main from the Stony Mountain Reservoir, is old and has failed before. This project replaces the current bridge, protects our water main, and allows for safe maintenance when needed.
17. **Jefferson Street Storm Replacement and Maintenance** - This project will replace approximately 300' of storm main and provide maintenance to the remaining pipe on Jefferson Street. The work will improve drainage and reduce the chance of system blockages. Investing in storm infrastructure helps prevent flooding and potential damage to private property.
18. **Equipment Purchases** - This item includes several pieces of equipment needed for Public Works operations, some of which were carried over from FY2026:
 - Equipment trailer is a new, general-use trailer addition to replace an existing trailer converted to a specific purpose.
 - Mobile radar unit for tracking vehicle data and encouraging people to drive at the speed limit. This unit also tracks speed and volumes needed for traffic control analysis.
 - Used Skid Steer is a multi-use piece of equipment for water and sewer.
 - The Welding Hood provides a safe work environment for welding at the PW office per OSHA mandate.
 - A 360-degree Excavator Bucket expands the utility use of existing equipment.
 - The Tractor with Overhead Mower is a carryover item from FY2026. It replaces a 20-plus year specialized tractor used for maintenance of storm, sewer, and water systems by clearing ditches, access roads and brushy areas.
 - The Kubota SXS will replace a 15-year SXS that has been maintenance heavy and costly.
 - An Emergency Response Trailer will be a great asset in both urgent and non-emergency situations. This trailer provides PW with a quicker response and safe working environment in line with OSHA regulations. The City will be more prepared and less reliant on contractors when responding in an emergency.
 - The Jet/Vacuum Trailer will replace the city's current 41-year-old jetter that is the last known model in existence.

- A Mobile Generator Unit allows the City to power lift stations, and other essential City facilities when the power is out.

Fiscal Year 2026-27 Summaries by Type

The City of Sheridan dedicates its efforts to provide efficient and effective government services through cooperative planning, program development, analysis, and service delivery.

City Funds

Financing for the tasks described in this section is provided through the agency's General Fund, which is supported primarily by the property taxes paid by property owners of the city, and through direct payments of other services such as administrative fees, grants, and other fees for service.

General Fund

The General Fund provides the largest single source of revenue supporting municipal services – the property tax. Another general-purpose, non-restricted revenue is contained within the General Fund.

Mayor & councilors

The Mayor and Councilors are the elected governing body which are responsible for adopting the budget, hiring the City Manager and setting policies and vision for the City.

General Administration

Administrative Services provides traditional management functions for the efficient operation of the organization and provides support services. Provides executive management and coordination of City staff, projects, and activities, including communications and the provision of appropriate facilities and equipment; the development, implementation, and refinement of new services; and coordination with regional, statewide, and national associations of similar organizations. This area includes all aspects of human resources administration (recruitment and selection, personnel policy development and administration, classification and compensation, and employee benefits). General city hall administration also includes organizational support, professional counsel, and policy recommendations to the Mayor and City Council, the City Manager, and Budget Committee.

Land Use Planning Services

Planning and technical expertise are available in the areas of intergovernmental relations, land use planning, transportation, economic analysis and development, land use law, natural resources, public infrastructure finance, local governmental financial issues, geographic information system, Census-related services, and information analysis.

Financial Services

The management of Sheridan's financial system includes budgeting, accounting, payroll administration, financial reporting, cash management, insurance, investment oversight, fiscal records management, property management, analyses, and audit support.

Information Technology Services

City staff develop and implement plans and programs for enhanced use of information technologies; the City maintains and supports the hardware, software, and telecommunications necessary for the efficient operation of the agency’s IT equipment, local area network, and internet presence.

Legal/Municipal Court Expenses

The Legal Program pays for the municipal court judge contract. It serves as a passthrough for the court fines that are collected from citations and moved to either the state or county for their share of the fines. It also pays the administration fees for legal services. The key functions of the Court are to ensure that each person cited for a violation is guaranteed and provides all their constitutional rights to a fair and speedy judicial process, in such a manner that it preserves both the dignity and rights of the defendant, as well as the members of the Sheridan community. The Municipal Court Judge oversees the judicial process while staff provides customer service, records maintenance, accounts receivable, and support in all court and judicial matters.

Sewer fund

The Sewer Fund collects fees for the operation and maintenance of the sewer collection and treatment processes. The Sewer Fund is an enterprise fund, meaning it is self-supported through the collection of customers' sewer bills.

Streets fund

The State Highway Tax Apportionment is the sole funding for annual costs for the Street Fund. This money is collected through gasoline sales and DMV fees by the State and then divided up amongst governments in Oregon depending on population size. The Street Fund budgets for repair, maintenance, transportation operation, and lighting of the City's streets, roadways, parks, and parking lots. City Streets do not include Main Street, which is a State road. Also, there are several other smaller streets that are either under the jurisdiction of Yamhill County or in the Homeowners Association and the City does not provide maintenance.

Water Fund

The Water Fund collects fees for the operation and maintenance of the water treatment and distribution processes. The Water Fund is an enterprise fund, meaning it is self-supported through the collection of customers' water bills.

New Funds

These are funds that being established this year through transfers from other funds to allow for detailed accounting of the revenue and expenses for money that has restricted uses.

System Development Charge (SDC) fund is a one-time fee imposed on new development or redevelopment to pay for infrastructure capacity needed to serve new growth. These funds (also called System Development Fees or impact fees) are used for capital improvements like water/sewer, transportation, and parks, ensuring growth pays for itself rather than existing residents.

Funds Closing with the 2026-27 Budget

Function

These are funds that are being closed this fiscal year. The revenues and expenditures are being provided for historical purposes.

Note: This year we are not closing any funds.

Glossary of Budget Terms

(Adapted from the Local Budgeting Manual published by the Oregon Department of Revenue. Oregon Revised Statutes (ORS) are referenced here and are available online at www.oregon.gov)

Accrual. Recording of the financial effects on a municipal corporation of transactions and other events and circumstances that have cash consequences for the municipal corporation in the periods in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the municipal corporation (ORS 294.311).

Adopted budget. Financial plan that is the basis for appropriations. It is adopted by the governing body (ORS 294.435).

Ad valorem tax. A property tax computed as a percentage of the assessed value of taxable property.

Appropriation. Authorization to spend a specific amount of money for a specific purpose during a fiscal year. It is based on the adopted budget, including supplemental budgets, if any. It is presented in a resolution or ordinance adopted by the governing body [ORS 294.311(3)].

Approved budget. The budget that is approved by the budget committee. The data from the approved budget is published in the Financial Summary before the budget hearing (ORS 294.406).

Assessed value. The value set on real and personal property as a basis for imposing taxes. It is the lesser of the property's maximum assessed value or real market value.

Assessment date. The date on which the value of property is set, January 1 (ORS 308.210, 308.250)

Audit. The annual review and appraisal of a municipal corporation's accounts and fiscal affairs conducted by an accountant under contract (ORS 297.425).

Audit report. A report in a form prescribed by the Secretary of State made by an auditor expressing an opinion about the propriety of a local government's financial statements, and compliance with requirements, orders, and regulations.

Balanced budget. A budgeting process where total revenues are equal to or greater than total expenses.

Budget. Written document showing the local government's comprehensive financial plan for one fiscal year or biennium. It must include a balanced statement of actual revenues and expenditures during each of the last two years and estimated revenues and expenditures for the current and upcoming year [ORS 294.311(4)].

Budget committee. Fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters appointed from the city (ORS 294.336).

Budget message. Written explanation of the budget and the local government's financial priorities. It is prepared and presented by the executive officer or chairperson of the governing body (ORS 294.391).

Budget officer. Person appointed by the governing body to assemble budget material and information and to physically prepare the proposed budget (ORS 294.331).

Budget transfers. Amounts moved from one fund to finance activities in another fund or division. They are shown as expenditures in the originating fund and revenues in the receiving fund.

Capital outlay. Items which generally have a useful life of one or more years, such as machinery, land, furniture, equipment, or buildings [ORS 294.352(6)].

Capital projects fund. A fund used to account for resources, such as bond sale proceeds, to be used for major capital item purchase or construction [OAR 150-294.352(1)].

Cash basis. System of accounting under which revenues are accounted for only when received in cash, and expenditures are accounted for only when paid [ORS 294.311(9)]. The City of Sheridan uses cash basis accounting.

Cash Carryover. The accumulated unspent resources carried forward from the prior year into the next fiscal year. These can be used to support the appropriations for the next fiscal year.

Consolidated billing tax rate. The combined total of the billing rates for all taxing Districts in a code area. Does not include the billing rate for any urban renewal special levies or non-ad valorem taxes, fees, or other charges.

Constitutional limits. The maximum amount of tax on property that can be collected from an individual property in each category of limitation (Art. XI, sect. 11b, OR Const.).

Contingency. An amount appropriated in anticipation that some operating expenditures will become necessary which cannot be foreseen and planned in the budget. A general operating fund may contain one line for operating contingency. (ORS 294.352)

Debt service fund. A fund established to account for payment of general long-term debt principal and interest [OAR 150-294.352(1)].

Division of tax. Division of tax refers to the process of and revenue from, apportioning tax to urban renewal agencies based on the relationship of the excess to frozen value, a.k.a. tax increment revenue.

Double majority. A term that refers to an election where at least 50 percent of the registered voters eligible to vote in the election cast a ballot and more than 50 percent voting approve the question.

Education category. The category for taxes that will be used to support the public school system and are not used to pay exempt bonded indebtedness [ORS 310.150(2)].

Encumbrance. An obligation chargeable to an appropriation and for which part of the appropriation is reserved [ORS 294.311(10)].

Enterprise fund. A fund established to account for operations that are financed and operated in a manner like private business enterprises. They are usually self-supporting. Examples of enterprise funds are those for water, gas, and electric utilities, swimming pools, airports, parking garages, transit systems, and ports [OAR 150-294.352(1)].

Equipment. Capital expenses over \$5,000. (City of Sheridan guideline; not defined by ORS).

Estimate. (v) To arrive at a rough calculation or an opinion formed from imperfect data. (n) The resulting amount.

Excluded from limitation category. The category for taxes used to pay principal and interest on exempt bonded indebtedness [ORS 310.150(2)].

Exempt bonded indebtedness. 1) Bonded indebtedness authorized by a specific provision of the Oregon Constitution, or 2) bonded indebtedness issued as a general obligation on or before November 6, 1990, incurred for capital construction or capital improvements, or 3) bonded indebtedness issued as a general obligation after November 6, 1990, incurred for capital construction or capital improvements with the approval of the electors of the local government. Bonded indebtedness issued to refund or refinance any bonded indebtedness described above is also included [ORS 310.140(15)].

Expenditures. Total amount incurred if accounts are kept on an accrual basis; total amount paid if accounts are kept on a cash basis [ORS 294.311(16)].

Fiscal year (FY). A 12-month period to which the annual operating budget applies. The fiscal year is July 1 through June 30 for local governments [ORS 294.311(17)].

Full-time equivalent (FTE). A calculation used to convert part-time hours to equivalent full-time positions. Full-time employee salaries are based on 2,080 hours per year. The full-time equivalent of a part-time employee is calculated by dividing the number of hours budgeted by 2,080.

Fund. A fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, balances, and changes, all segregated for specific, regulated activities and objectives.

Fund balance. The fund equity of government funds.

Fund type. One of nine fund types: General, special revenue, debt service, capital projects, special assessment, enterprise, internal service, trust and agency, and reserve [OAR 150-294.352(1) and ORS 280.100].

General fund. A fund used to account for most fiscal activities except for those activities required to be accounted for in another fund [OAR 150-294.352(1)].

General government category. The category for taxes used to support general government operations other than schools that are not for the purposes of paying exempt bonded indebtedness [ORS 310.150(1)].

Good Faith. The standard for estimating budget resources and requirements. Good faith estimates are reasonable and are reasonably likely to prove accurate, based on the known facts at the time.

Governing body. County court, board of commissioners, city council, school board, board of trustees, board of directors, or other managing board of a local government unit [ORS 294.311(15)].

Governmental fund. Supported by tax revenues, user fees, franchise fees, intergovernmental payments and other revenues. The accounting for a governmental-type activity focuses on available resources and the near-term demands upon them.

Grant. A donation or contribution in cash by one governmental unit to another unit which may be made to support a specified purpose or function, or general purpose [ORS 294.311(19)].

Interfund loans. Loans made by one fund to another and authorized by resolution or ordinance (ORS 294.460).

Interfund transfer. Transfer from an existing appropriation category in one fund to another existing appropriation category in another fund. (ORS 294.450)

Intrafund transfer. Transfer from one existing appropriation category to another within the same fund. (ORS 294.450)

Internal service fund. A fund used to account for fiscal activities when goods or services are provided by one department or agency to other departments or agencies on a cost-reimbursement basis (ORS 294.470).

Legal opinion. The opinion as to legality rendered by an authorized official, such as the Oregon attorney general or city attorney.

Levy. (v) To impose a property tax. (n) Ad valorem tax certified by a local government.

Liability. Debt or other legal obligation arising from transactions in the past which must be liquidated, renewed, or refunded at a future date; does not include encumbrances.

Local government. Any city, county, port, school district, education service district, community college, special district, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission; a municipality or municipal corporation under ORS 294.311(25).

Local option tax. Voter-approved taxing authority that is in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects. It is limited to five years unless it is for a capital project, then it is limited to the useful life of the project or 10 years, whichever is less [Art. XI, section 11(4)].

Materials and Services. Reflects dollars expended on items other than personnel such as office supplies, payments for contracts or consultants, utilities, and rent.

Maximum assessed value (MAV). A constitutional limitation on the taxable value of real or personal property. It can increase a maximum of 3 percent each year. The 3 percent limit may be exceeded if there are qualifying improvements made to the property, such as a major addition or new construction.

Measure 5. A constitutional amendment (Art. XI, section 11b) passed in 1990 that limits the amount of operating tax that can be imposed on a property to \$5 per \$1,000 of real market value for education and \$10 per 1,000 for general government.

Measure 50. A constitutional amendment (Art. XI, section 11) passed in 1997 that limits the growth in a property's assessed value to 3% per year. It also limits a local government's taxing authority by creating permanent rate limits.

Object classification. A grouping of expenditures, such as personal services, materials and services, capital outlay, debt services, and other types of requirements [ORS 294.311(28)].

Operating rate. The rate determined by dividing the local government's operating tax amount by the estimated assessed value of the local government. This rate is needed when a local government wants to impose less tax than its permanent rate will raise.

Ordinance. A formal legislative enactment by the governing board of a local government.

Organizational unit. Any administrative subdivision of the local government, especially one charged with carrying on one or more specific functions (such as a department, office, or division) [ORS 294.311(30)].

Pass Through Payments. Accounts for dollars that MWVCOG receives and then passes through to other organizations that provide a specified service.

Personal services expenses. Expenses related to the compensation of salaried employees, such as, health and accident insurance premiums, Social Security and retirement contributions, civil service assessments.

Permanent rate limit. The maximum rate of ad valorem property taxes that a local government can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government or its voters can change a permanent rate limit.

Principal act. The Oregon Revised Statutes that describe how a certain type of municipal corporation is formed and selects its governing body, and the powers it may exercise and the types of taxing authority that its voters may authorize.

Prior years' tax levies. Taxes levied for fiscal years preceding the current one.

Property taxes. Ad valorem tax certified to the county assessor by a local government unit.

Proposed budget. Financial plan prepared by the budget officer. All funds must balance. It is submitted to the public and the budget committee for review.

Proprietary fund. Refers to funds that account for activities that involve business-like interactions, within the government or outside of it.

Publication. Public notice given by publication in a newspaper of general circulation within the boundaries of the local government; mailing through the U.S. Postal Service by first class mail to each street address within the boundaries of the local government; and hand delivery to each street address within the boundaries of the local government [ORS 294.311(34)].

Real Market Value (RMV). The amount in cash which could reasonably be expected by an informed seller from an informed buyer in an arm's-length transaction as of the assessment date. For most properties, the value used to test the constitutional limits (ORS 308.205).

Reserve fund. Established to accumulate money from year to year for a specific purpose, such as purchase of new equipment (ORS 294.525).

Reserve for Future Expenditure. An amount budgeted, but not appropriated, that is not anticipated to be spent in the fiscal year, but rather carried forward into future fiscal years. The correct way to "save" money under Local Budget Law.

Resolution. A formal order of a governing body; lower legal status than an ordinance.

Resource. Estimated beginning funds on hand plus anticipated receipts (ORS 294.361).

Special levy. A special levy is an ad valorem tax, imposed for an urban renewal plan on the entire municipality that adopted the plan. It is not a result of a division of tax.

Special revenue fund. A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specific purposes [OAR 150-294.352(1)].

Special payment. A budget expenditure category for pass-through payments, grants made to other organizations and other one-time or unusual expenditures that do not fall into the other categories of personal services, materials and services, capital outlay, etc.

State revenue sharing. A share of certain State revenues that is distributed to the city for general purposes as provided in this section. [Adapted from ORS 221.770]

Supplemental budget. A financial plan adopted during a budget period to meet unexpected needs or to appropriate revenues not anticipated when the regular budget was adopted. It cannot be used to authorize a tax (ORS 294.480).

Tax increment financing. A financial mechanism for urban renewal plans which captures the tax from the growth in property value within a designated geographical area by dividing the taxes of local governments.

Tax on property. Any tax, fee, charge, or assessment imposed by any government unit upon property or upon a property owner as a direct consequence of ownership of that property [ORS 310.140(1)].

Tax rate. The amount of tax stated in terms of a unit of tax for each \$1,000 of assessed value of taxable property.

Tax roll. The official listing of the amount of taxes imposed against each taxable property.

Tax year. The fiscal year from July 1 through June 30.

Transportation Fund. Supported by state and county gas tax revenues, contract payments, miscellaneous other revenues

Trust fund. A fund used to account for fiscal activities of assets held in trust by a local government.

Unappropriated. An amount set aside in the budget to be used as a cash carryover to the next year's budget to provide needed cash flow until other money is received.

Unappropriated ending fund balance. Amount set aside in the budget to be carried over to the next year's budget. It provides the local government with cash until tax money or other revenues are received later in the year. This amount cannot be transferred by resolution or used through a supplemental budget, unless necessitated by a qualifying emergency (ORS 294.398, renumbered from 294.371; ORS 294.481, renumbered from 294.455).

Appendix

Placeholder for Resolution Implementing New Funds.
